No.2932/102, dated the 17th February 1932, from the Residency Surgeon, Bangalore.

Purchase of articles of furniture for the use of the Nurses' sitting room - Lady Curzon Hospital

---

X S.N.43/21-27 (B) & Para 4 Do

In the Residency letter No.3669, dated the 3rd May 1930, the Govt. of India were informed of the value of furniture, estimated at Rs.7036, supplied to the quarters of the nursing staff of Bowring and Lady Curzon Hospitals and they were requested to confirm the concession of rent-free use of furniture by the nursing staff. In memo.No.F.240-A/30, dated the 25th January 1932, the Govt. of India have re-affirmed the rent-free use of furniture by nursing staff until further orders.

X S.N.75/21-27 (P)

The Residency Surgeon now proposes the purchase of additional furniture at an estimated cost of Rs.850/- to furnish five new rooms which have been made available in the nurses' quarters to enable each nurse to be accomodated in a separate room.

P.U.C

In connection with the purchase of furniture valued at about Rs.100/- on a previous occasion, the then Pay and Accounts Officer had pointed out that, as the nurses were occupying quarters rent-free and no rent was being recovered for the use of furniture, the supply of additional furniture would require the sanction of the Govt. of India. The Govt. of India will therefore have to be addressed in the present case.

S.N.67/21-27 Z

Before doing so, however, the Residency Surgeon may be asked to report whether the ~~additional~~ expenditure can be met from the allotment made in the Mysore Assigned Tract Budget for 1932-33 under III-Medical and Public Health - A-Medical-Hospitals and Dispensaries - A.6 - Other expenses - Furniture and Apparatus

P (W)

Apparatus. If not, he may be requested to indicate the source from which the expenditure is to be met. ~~and to submit the necessary re-appropriation statement.~~

Issued No. 4153 Dated the 23rd June 1932

There is no objection to the Resident sanctioning the proposal of the Residency Surgeon. Presumably the cost of furniture and crockery in other nurse's rooms in Bangalore is also about Rs. 170/-.

I would however point out the desirability of fixing a scale of furniture and crockery to be supplied for each nurse's room and seeing that it is not exceeded. In Madras, for instance, each member of the Nursing staff is supplied with furniture and crockery up to a maximum of Rs. 125/-.

The file may be sent U.O. to the Residency Surgeon, Bangalore, with the request that he will kindly state whether the presumption contained in para 3 of the Financial Adviser's note is correct and whether he sees any objection to the ------ Resident's fixing the scale of furniture and crockery to be supplied for each nurse's room at a maximum of Rs. 125/- as in Madras.

If the Residency Surgeon sees no objection to the above proposal, an expenditure of Rs. 625/- (Rs. 125 x 5 = Rs. 625) instead of Rs. 850/- may be sanctioned during the current year.

SECRETARY.

The cost of furniture for each nurse in the Bowring & Lady Curzon Hospitals including the cot which is supplied from the hospital supply will come to Rs 200/-approximately.

2. The cost of furniture for each nurse in the General Hospital, Madras, comes to Rs 138/- as per copy of letter received from the Superintendent, General Hospital, Madras, enclosed herewith.

3. In the list I find that nothing has been provided for the supply of wash-hand stand etc. If the cost of these is added to the value of furniture in General Hospital, the total will not be less than about Rs 170/-.

4. I understood that the cost of articles of furniture is less in Madras than in Bangalore. Also the furniture supplied to the nurses in Bangalore is of such a quality that it will stand much wear and tear, and in the end prove very economical.
